

Mississippi Enacts Safer-At-Home Order While Loosening Business Restrictions

4.30.20

Governor Tate Reeves enacted Executive Order #1477, the Safer-At-Home Order, effective in Mississippi until May 11, 2020. This order still encourages individuals to stay at home unless engaged in essential activities or essential travel, but will allow some businesses to begin to open up. What do employers need to know about the upcoming change?

Restaurants And Retail Stores Allowed To Resume Limited Business

- Restaurants and bars are allowed to remain open but are still limited to drive-thru, curbside, and/or delivery service.
- Retail businesses may reopen but must limit the number of customers in their stores at one time to no greater than 50% of store capacity, frequently clean high-contact surfaces, and are encouraged to make hand sanitizer available to their customers upon entry to their store.
- Areas where employees or customers are likely to congregate and interact shall be closed, or the business must enforce strict social distancing protocols (maintaining a minimum of six feet distance between individuals and no gatherings in groups of more than 10 people).

Gyms, salons, and tattoo parlors are still closed to the public. Under the new Order, they can offer retail sales by drive-thru, curbside, and delivery services.
