Louisiana Workforce Commission Addresses Overpayments Issue

BATON ROUGE – The Louisiana Workforce Commission (LWC) is aware of approximately 7,600 Unemployment Insurance overpayment notices that were generated on September 9 - 10, 2020. LWC is working with the vendor to correct this technical issue. We apologize for any confusion.

The LWC will send a “Notice of Adjustment” to these individuals within the next week that will indicate their overpayment balance is \$0. Currently, no action is required by any of those impacted. The vast majority of individuals will not owe anything related to this issue. We will continue to work to resolve any further outstanding issues.

The LWC has established an email inbox exclusively for these overpayment related issues. If you have additional questions once you receive your Adjustment Notice, please contact the LWC via email, Septovrpymtissue@lwc.la.gov. Again, we apologize for any inconvenience this may have caused and thank you for your patience.

About the Louisiana Workforce Commission

The Louisiana Workforce Commission is an agency of state government that administers programs designed to enhance workforce growth and provide family-sustaining jobs for Louisiana residents. The commission monitors employment, administers unemployment compensation and tax funds, provides training resources for employers and employees and oversees worker compensation benefits. The agency also gathers and supplies information on the labor market and occupational sectors in Louisiana.
